

Dino Egg Craft

Materials

Crayons/Pencils/Felt tip pens

Scissors

Glue or Double sided tape

Coloured card

Print out template from website on white card or paper

Method

Step 1- Colour in egg and dinosaur using your imagination.

Step 2- Cut out pieces of egg and dinosaur from template.

Step 3- Carefully glue round the outside egg of the large shell piece (except the jagged edge).

Step 4- Stick on sheet of coloured card.

Step 5- Carefully glue the very top section of the smaller egg shell piece down to line on template.

Step 6- Stick above large piece leaving a slight gap – approximately 1cm.

Step 7- Pop your baby dinosaur into the bottom half of the shell leaving his head popping out.
